1. Should our Philippine national elections be tomorrow, who will you vote as our President, and VP?

Senator, Ferdinand Marcos Jr. for President.

Mayor, Sara Duterte for Vice President.

2. What five reasons (from most important to least in rank) are your considerations in choosing the said candidates on item 1? Five for President, and another five for the VP.

President

1. Leadership because I think BBM's leadership has more potential in making our country great again.
2. Nationhood because BBM shows how he loves his country so much.
3. Experience since he has been in politics for so many years.
4. Intellect because BBM showed how he answered the question they asked him.
5. Kind Hearted because he provides assistance and helps those people in need.

Vice-President

1. Leadership because I think Sara can make this country great in her leadership.
2. Integrity because she show's a brave characteristic on her term in order to protect his people.
3. Discipline because in her term as a mayor of Davao city people there always obeys the rules.
4. Trusted because I think she is trusted in what she capable to do.
5. Intuitive because she understands what kind of solution in order to solve the problems.

3. Rating from 1 being the lowest or least, and 10 being highest or most, what are your ratings to our national leaders in terms of the following:

Provide at least five-sentence explanation to each of your ratings.

3.1. nation-building,

6 I think only President Duterte and President Marcos have many accomplishments in nation building because the past leader they just promise that they build that kind of infrastructure and noting happen.

3.2. foreign relations, and/ or partnerships,

4 Our past leaders are likely being pets by other country, our nation being controlled by goliards from other nations.

3.3. disaster response,

5 Because the response that government gives is so slow, I think our government need to upgrade their equipment's to give an early warning to the people from any disaster.

3.4. education,

5 Because the standard of our education is low than the other country. In my opinion the government need to upgrade the standards of education and give a free education.

3.5. research, and development,

5

3.6. employment, and labor

6 Because unemployment in country is vast

3.7. crime management,

3 because only President Duterte low the crimes of our nation

3.8. protecting sovereignty,

5 because in past leader I don't know if they protect sovereignty because some our island has been occupied by other country

3.9. marine biodiversity preservation,

6 because only our present president takes care of our environment.

3.10. level of poverty

3 because until now many people suffer from poverty,

4. What need/s to be part or to be considered in order to become country's leaders? Include five qualifications or requirements (not mentioned in the present Constitution) to become the country's President, VP, or any seat especially in the executive or judicial branches of the government?

1. Access to education and healthcare are important routes out of poverty.

2. Importance of taxation in building effective states.

3. Support of agricultural industry.

4. Low expenses of goods and needs.

5. More source of power and energy

5. Do you personally believe that a democratic country like ours has the more tendency to being corrupt? Yes or No. Provide 3-5 key points to support your stand.

Yes, (1) Politicians are also frequently involved in corruption affairs, (2) Politicians get bribed by big firms to act in the companies' interests instead of doing what would be best for the general public and (3) Especially in democracies in poor developing countries, politicians are often quite

vulnerable to corruption since they can make a lot of money compared to the average income of the local population.
